It is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the cover under the policy. We provide MiFID investments (including pensions) on a fair market analysis basis.

Specifically on the subject of permanent health insurance policies we will explain to you; a) the meaning of disability as defined in the policy; b) the benefits available under the policy; c) the general exclusions that apply to the policy; and d) the reductions applied to the benefit where there are disability payments from other sources.

For a serious illness policy, we will explain clearly to you the restrictions, conditions and general exclusions that attach to that policy.

Fair and Personal Analysis

The concept of fair and personal analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs.

The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could reasonably be expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria:

- the needs of the customer,
- the size of the customer order,
- the number of providers in the market that deal with brokers,
- the market share of each of those providers,
- the number of relevant products available from each provider,
- the availability of information about the products,
- the quality of the product and service provided by the provider,
- cost, and
- any other relevant consideration.

Sustainability Factors – Investment/IBIPs/Pension Advice

In accordance with the Sustainable Finance Disclosure Regulation ('SFDR'), we inform you that when providing advice on insurance-based investment products/Investments, we do not assess, in addition to relevant financial risks, relevant sustainability risks as far as this information is available in relation the products proposed/advised on. This means that we do not assess environmental, social or governance events/conditions that, if they occur, could have a material negative impact on the value of the investment.

When providing advice on insurance-based investment products ('IBIPs') or investment advice we do not consider the impacts of our advice that result in negative effects on sustainability factors (namely environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters), because currently there is limited relevant products on the market which meet these criteria. The area of sustainable is relatively new and as the issue progresses, we will review our position.

The following sections apply to consumer duties and rights arising out of the Consumer Insurance Contracts Act 2019 which was implemented to protect consumers. **Non-Consumer Commercial clients have no duties and rights under this Act, and therefore the following sections do not apply to them.**

[Consumers: Duty of Disclosure when completing documentation for new business/renewals and midterm adjustments](#)

You are required to answer all questions posed by us or the insurer honestly and with reasonable care – the test will be that of the ‘average consumer’¹.

Before renewal of the contract of insurance, specific questions will be asked. Again, you will be required to answer honestly and with reasonable care. Where you do not provide additional information (after being requested to do so) it can be presumed that the information previously provided remains unchanged.

Failure to answer all questions honestly and with reasonable care can result in the Insurer being able to rely on proportionate remedies for misrepresentation, which include but are not limited to the insurer voiding the contract of insurance. If a policy is cancelled by an insurer for any reason including payment default you may encounter difficulty in purchasing insurance in the future.

[Completed proposal forms/statement of fact](#)

Completed proposal forms or Statements of Facts will be provided to you. These are important documents as they form the basis of insurance contract between the insurer and you the consumer. You should review and confirm that the answers contained within are true and accurate.

You are under a duty to pay your premium within a reasonable time, or otherwise in accordance with the terms of the contract of insurance.

¹ Average consumer as per Directive No. 2005/29/EC of the European Parliament and of the Council of 11 May 2005 is reasonably well informed and reasonably observant and circumspect, taking into account social, cultural and linguistic factors.

A court of competent jurisdiction can reduce the pay-out to you if you are in breach of your duties under the Act, in proportion to the breach involved.

Cancellation of a Contract of Insurance

1. You may cancel a contract of insurance, by giving notice in writing to the insurer, within 14 working days after the date you were informed that the contract is concluded. This does not affect the notice periods already provided under European Union (Insurance and Reinsurance) Regulations 2015 ([S.I. No. 485 of 2015](#)) or the European Communities (Distance Marketing of Consumer Financial Services) Regulations 2004 ([S.I. No. 853 of 2004](#)) which is 30 days in respect of life policies, irrespective of whether the sale took place on a non-face to face basis, and 14 days in respect of general policies and only on sales that took place on a non-face to face basis (distance sales).

The giving of notice of cancellation by you will have the effect of releasing you from any further obligation arising from the contract of insurance. The insurer cannot impose any costs on you other than the cost of the premium for the period of cover.

This right to cancel does not apply where, in respect of life insurance the contract is for a duration of six months or less, or in respect of general insurance, the duration of the contract is less than one month.

Post-Contract Stage and Claims

An insurer may refuse a claim made by you under a contract of insurance where there is a change in the risk insured, including as described in an “alteration of risk” clause, and the circumstances have so changed that it has effectively changed the risk to one which the insurer has not agreed to cover.

Any clause in a contract of insurance that refers to a “material change” will be interpreted as being a change that takes the risk outside what was in the reasonable contemplation of the both you and the insurer when the contract was concluded.

You must cooperate with the insurer in an investigation of insured events including responding to reasonable requests for information in an honest and reasonably careful manner and must notify the insurer of the occurrence of an insured event in a reasonable time.

You must notify the insurer of a claim within a reasonable time, or otherwise in accordance with the terms of the contract of insurance.

If you become aware after a claim is made of information that would either support or prejudice the claim, you are under a duty to disclose it. (The insurer is under the same duty).

If you make a false or misleading claim in any material respect (and know it to be false or misleading or consciously disregards whether it is) the insurer is entitled to refuse to pay and to terminate the contract.

Where an insurer becomes aware that a consumer has made a fraudulent claim, they may notify the consumer advising that they are voiding the contract of insurance, and it will be treated as being terminated from the date of the submission of the fraudulent claim. The insurer may refuse all liability in respect of any claim made after the date of the fraudulent act, and the insurer is under no obligation to return any of the premiums paid under the contract.

Commercial Customers: Non-Consumers Disclosure of Information

It is essential that you should bring to our attention any material alteration in risk such as changes of address or use of premises. Any failure to disclose material information may invalidate your claim and render your policy void.
